**Alpha International**  
*Profit from our Performance*

Alpha International B.V. was founded in 1995 as a subsidiary of SAPHIN B.V. In Europe, we are one of the leading distributors of well-known A brands including HP, Epson, Lexmark and Canon. Our focus is on international business-to-business sales of original electronic office supplies such as cartridges, toners, data storage and peripherals, etc.

Alpha International is a successful and rapidly growing company. Besides our head office in Nijmegen, we also have sales offices in Germany, the UK and France providing full coverage of the international market. Through our largely automated distribution centre in Nijmegen and our advanced and unique stock management system, we can guarantee our customers consistently high logistic quality.

We are aiming at market leadership in north-western Europe. Profitability and efficiency are the pillars for the continued growth of our company. You can find more information about Alpha International [here](#).
